

## **Patron Guidelines for 2020 Reopening**

*Please consider contacting us in advance to request library materials, and picking them up curbside rather than entering the library.*

- In order to keep staff and the public as safe as possible, the library will be open only by appointment. One person or members of the same household (up to 5 people) may book 15 minute blocks in the library. If you need additional time, you may book two consecutive blocks. Please contact us by phone or email to book your time.
- Do not come to the library if you are exhibiting signs of illness, if you live in a household with someone who is ill, or if you may have recently been exposed to COVID-19.
- Masks will be required for all people in the building, patrons and staff, with the exception of children under 2. Anyone not wearing a mask will not be admitted. If you have a medical condition that makes wearing a mask difficult, we will be happy to assist you via curb service.
- Please limit personal items being brought into the library, and avoid setting things down. Do not bring food or drink into the library, including in closed containers. While we encourage you to touch only those items you intend to take home, we understand this is not always possible. If you do handle something you will not be checking out, do not place it back on the shelf, but leave it in one of the designated areas.
- Maintain 6 feet of distance between yourself and staff when in the library.
- Donations of books and magazines are not being accepted at this time.
- Hours of operation are subject to change due to guidelines from local health officials, or the health of the staff. Please call the library at 583-2970, visit our website, or check social media for the most up-to-date information.

While we are following the state reopening guidelines, we cannot guarantee a perfectly safe place. Patrons should be aware that there is some risk inherent in using shared spaces with shared materials.
